## COLLEGE FACULTY

Individuals to teach part-time at the college level, although a full-time schedule can commonly be created by working part-time at more than one institution. In addition to class instruction, applicants will be required to spend significant time preparing courses, grading papers, talking to students outside class time and traveling to and from classes. No health care, subsidized pension or other benefits are offered. No recall rights or any other form of job security will be guaranteed. If hired, the individual will not be provided with a campus mailbox, telephone, e-mail address or office. Parttime instructors will have no paid office hours, no academic freedom protections and will not participate in department meetings. Appointment will be on a semester-by-semester basis. If hired, it will be necessary to reapply at least twice a year. Apply now!
