

We Count!

A 2020 Census Counting Book

About WE COUNT!

The AFT is working with the We Count! Campaign to help ensure an accurate and complete 2020 census count.

We Count! A 2020 Census Counting Book is intended for families with young children and is available in **15 different languages**, including Spanish, Arabic, Mandarin and more. It helps children learn to count while the adults reading it to them learn why and how to ensure each one of us is counted in the 2020 census.

Every order of *We Count!* includes membership in the We Count! Campaign, which provides unlimited access for your staff to:

- An online program training and implementation toolkit
- A family fun event kit
- Additional discounts on posters and other census items

Go to www.wecountkids.org to order books and for more information.

How to receive free We Count! books

Thanks to a donation from the Carnegie Corporation, the AFT has a limited number of English and Spanish We Count! books free for AFT affiliates beginning March 9. If you are hosting a census event and would like to order books, please contact Maeve Kline at mkline@aft.org.
