

Is our school safe & orderly?

Teachers teach and students learn in schools with organized learning environments.

- Behavioral expectations are clearly and positively stated
- Behavioral expectations are posted and communicated to all staff, students and parents
- A positive school climate is everyone's goal
- All students know what is expected of them at all times
- Consequences are defined and applied when students behave inappropriately
- School safety plans include procedures that are practiced regularly in order to protect everyone
- Physical spaces of the school are clean and the environment is healthy
