

# Children in Poverty

## Moving in the Wrong Direction

Nearly 1 in 4 children in the United States live in poverty. The stark changes in many states between 2000 and 2012 illustrate the widening income gap, which reduces economic growth, jeopardizes socio-economic mobility, and increases demand for high-quality public services. This phenomenon affects all aspects of a person's life and is a difficult cycle to break. Reclaiming the Promise is about fulfilling our collective obligation to ensure that every person has the opportunity to succeed and live a productive life.
