Just Ask! College Ranking Sheet

The long period of research and campus visits is drawing to a close. Now that the important questions have been asked, and you've thought about what the answers mean to you, it's decision time. If you've been using our other materials, you probably have been asking the same set of questions to institutions that may be very different from one another. This sheet should give you a clear picture of just how different each college is, according to your assessment.

College	Total (100 points possible)	Cost (24 points possible)	Instructional and Academic Services (40 points possible)	Campus Life and Safety (36 points possible)
