

The Glendale College Faculty Guild and the Glendale College CSEA are currently collaborating with CFT and local unions throughout California to gather signatures to extend Proposition 30, which expires this year. We need signatures by April 1st.

Prop 30 is integral to the health and vitality of California's Community Colleges. You can sign the petition at any Guild or CSEA event, or if necessary, request a volunteer come to your office. We'll even send a volunteer who gather signatures from students, before or after class.
