

FIGHTING FOR A BETTER LIFE FOR ALL

WE ARE THE AFT! We are educators, healthcare workers and public employees. Our future should not be a choice between this administration's chaos, corruption and cruelty or a broken status quo. We fight for a better life that people can see, feel and afford.

WE WON'T BACK DOWN! We refuse to stand by while any politician hollows out the middle class, abandons public schools and higher education, kicks millions off healthcare, rips away our freedoms, takes food from hungry children and wages war on workers' economic security, all to give massive tax cuts to big corporations and billionaires.

WE FIGHT FOR

AN AFFORDABLE LIFE. Working people are being crushed by skyrocketing costs on just about everything. No American should struggle to pay for the basics, be it housing, child care, college or healthcare. Everyone deserves the right to form and join a union, a living wage, safe working conditions, a secure retirement and the opportunity to thrive, not just survive. One job should be enough.

STRENGTHENING, NOT ABANDONING, PUBLIC SCHOOLS AND HIGHER EDUCATION. Education is the great opportunity agent. Families deserve safe and welcoming public schools that are relevant and engaging, and thriving universities that are the bedrock of our children's future and the nation's economic, scientific and medical success.

A DEMOCRACY THAT WORKS FOR ALL. Only in a robust democracy, where every vote counts, can we all have economic opportunity.

WE ORGANIZE, MOBILIZE AND BUILD COMMUNITY! We cannot stay silent or stay home. We must protect our kids and communities—and invest in them. Rather than divide, let's embrace the dignity of all of God's children. We must meet this moment by fighting back—in Congress and commerce, in the courts and the court of public opinion, in the streets, and at the ballot box. We've proven that when we fight, we win.

WE STAND UP, SPEAK UP, SHOW UP AND VOTE! No one can do everything, but we can all do something. Together, we can reclaim the promise of America and build a better future for working people.

The AFT is a union of professionals that champions fairness; democracy; economic opportunity; and high-quality public education, healthcare and public services for our students, their families and our communities. We are committed to advancing these principles through community engagement, organizing, collective bargaining and political activism, and especially through the work our members do.
