

BUILDING UNION POWER

FIGHT BACK FOR SAFE WORKPLACES AND RESPECT ON THE JOB

Health and safety are union business. When we fight for safe workplaces, we build stronger locals. When we organize around hazards, we build power. When we protect one another, we win.

Are You Facing Health & Safety Hazards Where You Work?

You don't have to accept dangerous conditions. We see it every day:

- **No emergency action plan** when crisis hits
- Exposure to **mold, asbestos** or **toxic chemicals**
- **Overheated** classrooms and **broken ventilation**
- **Stress, burnout** or **harassment** brushed aside

These aren't "just part of the job."

They're violations of our right to work with dignity and safety.

ORGANIZE. TRAIN. FIGHT BACK.

Your union has the power and we'll help you use it.

TAKE ACTION WITH OUR TRAININGS:

- **Hazard Mapping and Building Inspections:**
expose unsafe conditions and demand repairs.
- **OSHA-10 and OSHA-30 Courses:**
learn the law, enforce your rights.
- **Emergency Response and Crisis Preparedness:**
from active shooters to extreme weather, we protect each other.
- **First Aid/CPR/AED Training:**
because we save lives when our employers fail to.

GET MORE INFORMATION!

Get more details on the training courses the AFT offers by scanning the **QR code** or sending an email to **4healthandsafety@aft.org**.

The AFT is a union of professionals that champions fairness; democracy; economic opportunity; and high-quality public education, healthcare and public services for our students, their families and our communities. We are committed to advancing these principles through community engagement, organizing, collective bargaining and political activism, and especially through the work our members do.
